Instalar Bookstack

1. Descargar script de instalación automatizada

```
wget https://codeberg.org/bookstack/devops/raw/branch/main/scripts/installation-ubuntu-22.04.sh
```

2. Hacer al script ejecutable

```
chmod a+x installation-ubuntu-22.04.sh
```

3. Ejecutar el script con permisos elevados

```
sudo ./installation-ubuntu-22.04.sh
```
